Hollywood Spectacular Pops

Our Hollywood pops program consists of popular movie themed hit songs arranged for full symphony orchestra, and it can be modified as far as timing and/or titles to fit your exact needs. A sax section of 4 players will be nice to have but at least 2 saxes are required. A male or female vocalist is also required along with a conductor somewhat knowledgeable of these types of arrangements. If you need a sax quartet, singer, or conductor, we have a very reliable list to choose from so let us know how or where we can help. ****(Half programs of 10-11 charts are available at half price)****

Please do not hesitate to contact us via phone or email if you have any questions.
